

AUSTRALIAN BAUXITE LIMITED

ASX: ABZ

ASX ANNOUNCEMENT

18 March 2014

About Australian Bauxite Limited

ASX Code ABZ

Australian Bauxite Limited (ABx) is well advanced to establish its first mine in Tasmania (ML 1961).

ABx holds the core of the newly discovered Eastern Australian Bauxite Province. Its 42 bauxite tenements in Queensland, NSW and Tasmania covering 6,534 km² were rigorously selected on 3 principles:

1. good quality bauxite;
2. proximity to infrastructure connected to export ports; and
3. free of socio-environmental constraints.

All tenements are 100% owned and free of obligations for processing and third-party royalties. ABx has already discovered many bauxite deposits and new discoveries are still being made as knowledge and expertise grows. ABx conducts vigorous reviews of the commercial viability of its projects and tenements, resulting in new acquisitions, but also reductions in area as exploration is conducted.

The company's bauxite is high quality and can be processed into alumina at low temperature – the type that is in short supply globally.

On the mainland, ABx has declared Mineral Resources in Inverell, northern NSW, at its Taralga project in southern NSW; at Guyra and at the Binjour Plateau in central QLD confirming that ABx has discovered a significant bauxite deposit including some bauxite of outstandingly high quality.

In Tasmania, at Bald Hill, the Company's first bauxite mine is targeted for production in late 2014.

Australian Bauxite Limited aspires to identify large bauxite resources in the Eastern Australian Bauxite Province, which is emerging as one of the world's best bauxite provinces.

ABx has the potential to create significant bauxite developments in three states - Queensland, New South Wales and Tasmania. Its bauxite deposits are favourably located for direct shipping of bauxite to both local and export customers.

ABx endorses best practices on agricultural land, strives to leave land and environment better than we find it. We only operate where welcomed.

Director Retirement

Australian Bauxite Limited (ABx) advises that Rado Jacob Rebek has retired as Executive Director of ABx.

Jacob Rebek has guided the company from junior explorer to project developer and emerging bauxite producer.

Jacob Rebek continues as Chief Geologist, a position he has held since 2006.

“We sincerely thank Jacob for his outstanding contribution to the ABx Board and are pleased that he is able to continue guiding our bauxite exploration team.” said Ian Levy, CEO.

Jacob advised that he has accepted the position of CEO of Precious Metal Resources Limited (ASX: PMR).

Attached is Mr Rebek's Appendix 3Z.
